June 16, 1932	Hillsboro		Bus routes, change; transportation	Petition from patrons in opposition to combining bus routes and requesting 2 busses to convey children

**Text**

Hillsboro, Virginia, June 16th, 1932.

To The School Board for Loudoun County:

It has come to our attention that your Board is contemplating combining the two routes that in the past have hauled children to the School at Hillsboro.

To our minds this will not be a satisfactory arrangement for some several reasons, the larger reason being that, forty or more children should not have to occupy the same truck or bus. This will necessairly (sic) place the children in constant danger.

Your Board have in mind no doubt the savings effected in the cost of transportation, we have in mind the safety and morals of the children, and we further have in mind the fact that your Board will use the money necessary to run the two trucks elsewhere as your budget has allowed for such a cost. Should you do this it would be discriminating against the patrons and children of our school.

As tax payers and patrons of the Hillsboro School we do hereby respectfully request that your re-consider and place two busses or trucks to convey the children to the Hillsboro School. This has proven very satisfactory in the past and the children have been well looked after by the drivers of the two busses.
